

【論文等】

◆ 原著（英文）（平成 25 年 4 月～平成 27 年 6 月）

◇ 平成 25 年度

1. Takamasa Shimizu, Manabu Akahane, Tomoyuki Ueha, Akira Kido, Shohei Omokawa, Yasunori Kobata, Keiichi Murata, Kenji Kawate, Yasuhito Tanaka.
Osteogenesis of cryopreserved osteogenic matrix cell sheets.
Cryobiology. 2013 Jun;66(3):326-332.
2. Troseid M, Lind A, Nowak P, Barqasho B, Heger B, Lygren I, Pedersen KK, Kanda T, Funaoka H, Damas JK, Kvale D.
Circulating levels of HMGB1 are correlated strongly with MD2 in HIV-infection: Possible implication for TLR4-signalling and chronic immune activation.
Innate Immunity. 2013 Jun;19(3):290-297.
3. Kaoru Sakamoto, Tatsuo Kanda, Takeo Bamba, Hiroyuki Funaoka, Shin-ichi Kosugi, Kazuhito Yajima, Takashi Ishikawa.
Serum Intestinal Fatty Acid Binding Protein in Patients with Small Bowel Obstruction.
Surgical Science. 2013 Jun;4(6):302-307.
4. Tomomi Sano, Manabu Akahane, Hiroaki Sugiura, Yasushi Ohkusa, Nobuhiko Okabe, Tomoaki Imamura.
Internet survey of the influence of environmental factors on human health: environmental epidemiologic investigation using the Web-based Daily Questionnaire for Health.
International Journal Of Environmental Health Research. 2013 Jun;23(3):247-257.
5. Shinya Matsumoto, Manabu Akahane, Yoshiyuki Kanagawa, Junboku Kajiwara, Takashi Todaka, Fumiko Yasukawa, Hiroshi Uchi, Masutaka Furue, Tomoaki Imamura.
Individuals' half-lives for 2,3,4,7,8-penta-chlorodibenzofuran (PeCDF) in blood: Correlation with clinical manifestations and laboratory results in subjects with Yusho.
Chemosphere. 2013 Aug;92(7):772-777.
6. Takeshi Katayama, Hiroshi Ono, Daisuke Suzuki, Manabu Akahane, Shohei Omokawa, Yasuhito Tanaka.
Distribution of primary osteoarthritis in the ulnar aspect of the wrist and the factors that are correlated with ulnar wrist osteoarthritis: a cross-sectional study.
Skeletal radiology. 2013 Sep;42(9):1253-1258.
7. Yusuke Inagaki, Kota Uematsu, Manabu Akahane, Yusuke Morita, Munehiro Ogawa, Tomoyuki Ueha, Takamasa Shimizu, Tomohiko Kura, Kenji Kawate, Yasuhito Tanaka.
Osteogenic Matrix Cell Sheet Transplantation Enhances Early Tendon Graft to Bone Tunnel Healing in Rabbits.
BioMed Research International. 2013 Sep;Article ID 842192.
8. Hiroshi Naito, Mamiko Yoshimura, Toshihide Mizuno, Shin Takasawa, Takashi Tojo, Shigeki Taniguchi.
The advantages of three-dimensional culture in a collagen hydrogel for stem cell differentiation.
Journal of Biomedical Materials Research Part A. 2013 Oct;101(10):2838-2845.

9. Michitaka Kimura, Hiroshi Naito, Takashi Tojo, Asako Itaya-Hironaka, Yoshiko Dohi, Mamiko Yoshimura, Kan-ichi Nakagawara, Shin Takasawa and Shigeki Taniguchi.
REG I α gene expression is linked with the poor prognosis of lung adenocarcinoma and squamous cell carcinoma patients via discrete mechanisms.
Oncology Reports. 2013 Dec;30(6):2625-2631.
10. S. Matsumoto, K. Sekine, H. Funaoka, M. Yamazaki, M. Shimizu, K. Hayashida and M. Kitano.
Diagnostic performance of plasma biomarkers in patients with acute intestinal ischaemia.
British Journal of Surgery. 2014 Feb;101(3):232-238.

◇ 平成 26 年度

1. Toshizo Koizumi, Tadashi Nishimura, Akinori Yamashita, Toshiaki Yamanaka, Tomoaki Imamura, Hiroshi Hosoi.
Residual inhibition of tinnitus induced by 30-kHz bone-conducted ultrasound.
Hearing Research. 2014 Apr;310:48-53.
2. Daisuke Suzuki, Hiroshi Ono, Kazuhiko Furuta, Takeshi Katayama, Manabu Akahane, Shohei Omokawa, Yasuhito Tanaka.
Comparison of scapholunate distance measurements on plain radiography and computed tomography for the diagnosis of scapholunate instability associated with distal radius fracture.
Journal of Orthopaedic Science. 2014 May;19(3):465-470.
3. Hideko Morikawa, Manabu Akahane, Masahiro Yamada, Tomoaki Imamura.
Association of Adolescent Smoking with Maternal Smoking.
Open Journal of Preventive Medicine. 2014 May;4(5):347-353.
4. Yoshiyuki Kanagawa, Manabu Akahane, Atsushi Hasegawa, Kentaro Yamaguchi, Kazuo Onitake, Satoshi Takaya, Shigeki Yamamoto, Tomoaki Imamura.
Developing a national food defense guideline based on a vulnerability assessment of intentional food contamination in Japanese food factories using the CARVER+Shock Vulnerability Assessment Tool.
Foodborne Pathogens and Disease. 2014 Dec;11(12):953-959.
5. Harumi Bando, Hiroaki Sugiura, Yasushi Ohkusa, Manabu Akahane, Tomomi Sano, Noriko Jojima, Nobuhiko Okabe & Tomoaki Imamura.
Association between first airborne cedar pollen level peak and pollinosis symptom onset: a web-based survey.
International Journal of Environmental Health Research. 2015 Jan;25(1):104-113.
6. Takeshi Katayama, Hiroshi Ono, Kazuhiko Furuta, Manabu Akahane and Shohei Omokawa.
Clinical radiographic features of the wrist without osteoarthritis and its relations to age and sex in Japanese.
Hand Surgery. 2015 Jan;20(1):59-65.
7. Shinji Tsukamoto, Keiji Shimada, Kanya Honoki, Akira Kido, Manabu Akahane, Yasuhito Tanaka and Noboru Konishi.
Ubiquitin 2 enhances osteosarcoma progression through resistance to hypoxic stress.
Oncology Reports. 2015 Feb;33(3).

8. Chieko Ito, Takefumi Yuzuriha, Tatsuya Noda, Toshiyuki Ojima, Hisanori Hiro and Susumu Higuchi.
Brief Intervention in the Workplace for Heavy Drinkers: A Randomized Clinical Trial in Japan.
Alcohol and Alcoholism. 2015 Mar;50(2):157-63.
9. Yoshinobu Uchihara, Manabu Akahane, Takamasa Shimizu, Tomoyuki Ueha, Yusuke Morita, Shintaro Nakasaki, Tomohiko Kura, Yasuaki Tohma, Akira Kido, Kenji Kawate and Yasuhito Tanaka.
Osteogenic matrix cell sheets facilitate osteogenesis in irradiated rat bone.
BioMed Research International. 2015 Mar;Volume 2015 (2015), Article ID 629168, 7 pages.

◇ 平成 27 年度（平成 27 年 6 月まで）

1. Kayoko Ozeki, Tatsuya Noda, Mieko Nakamura, Toshiyuki Ojima.
Weather and headache onset: a large-scale study of headache medicine purchases.
International Journal of Biometeorology. 2015 Apr;2014 Jun 19. [Epub ahead of print].
2. Shigeru Yamano, Manabu Horii, Takeshi Takami, Mio Sakuma, Takeshi Morimoto, Sadanori Okada, Toshiaki Taoka, Kimihiko Kichikawa, Hiroyuki Sasamura, Hiroshi Itoh, Yoshiko Furuya, Satoshi Ueno, Tomoaki Imamura, Seigo Sugiyama, Hisao Ogawa, Yoshihiko Saito.
Comparison between angiotensin converting enzyme inhibitors and angiotensin receptor blockers on the risk of stroke recurrence and longitudinal progression of white matter lesions and silent brain infarcts on MRI (CEREBRAL study): Rationale, design, and methodology.
International Journal of Stroke. 2015 Apr;10(3):452-456.
3. Shinji Tsukamoto, Keiji Shimada, Kanya Honoki, Akira Kido, Manabu Akahane, Yasuhito Tanaka, Noboru Konishi.
Cell Growth Regulated by Syndecan-1 in Human Liposarcoma.
Cancer and Clinical Oncology. 2015 May;4(1):58-66.
4. Takamasa Shimizu, Manabu Akahane, Yusuke Morita, Shohei Omokawa, Kenichi Nakano, Tsutomu Kira, Tadanobu Onishi, Yusuke Inagaki, Akinori Okuda, Kenji Kawate, Yasuhito Tanaka.
The regeneration and augmentation of bone with injectable osteogenic cell sheet in a rat critical fracture healing model.
Injury. 2015 May.
5. Tomoyuki Ueha, Manabu Akahane, Takamasa Shimizu, Yoshinobu Uchihara, Yusuke Morita, Naoya Nitta, Akira Kido, Yusuke Inagaki, Kenji Kawate and Yasuhito Tanaka.
Utility of tricalcium phosphate and osteogenic matrix cell sheet constructs for bone defect reconstruction.
World Journal of Stem Cells. 2015 Jun;7(5):873-882.
6. Chikage Mitoma, Hiroshi Uchi, Kiyomi Tsukimori, Hideyuki Yamada, Manabu Akahane, Tomoaki Imamura, Atsushi Utani, Masutaka Furue.
Yusho and its latest findings-A review in studies conducted by the Yusho Group.
Environment International. 2015 Sep;82:41-48.
